# How to make your Crafternoon bunting

Please read these instructions carefully before cutting out your bunting. We have included two sheets of bunting in this kit, which should make about a metre of bunting, if you'd like to make more you can print your own from [mind.org.uk/crafternoon](https://mind.org.uk/crafternoon)

- 1 Cut out the triangles on the opposite side of this sheet.
- 2 Using a hole punch, punch two holes at the top of each triangle.
- 3 Take a piece of ribbon or string and feed through the holes.
- 4 Lay the bunting flat and space your triangles out evenly, then put a small piece of tape on the back of each triangle to hold it in place on the ribbon or string.
