What are the Mind Network Excellence Awards?

The Mind Network Excellence Awards celebrate the best in the Mind network! The awards highlight the wealth of expertise and innovation in local Minds. The 2019 awards demonstrated the breath-taking dedication there is to support those with mental health problems helping make a profound difference to their lives. We know that those entering the 2020 awards will be no different. Local Minds who have/are undergoing the Mind Quality Mark are being encouraged to share their best practice by nominating themselves for a Network Excellence Award.

If you have:

- Lived experience of mental health problems and of using mental health services (not necessarily Mind's services)

and are...

- Keen to help select the winners of the 2020 Excellence Awards
- Confident in computer/IT skills (using emails, opening documents, using Word and the internet)

and have...

- Access to a computer/laptop with internet
- Experience of reading applications/judging/markings also valuable, but not essential

We would love to hear from you!
