Christmas wrapping station

Set up a stall at work and wrap people's Christmas presents for them to take home and put under the tree, all for a donation to Mind. You could ask people to bring in their own wrapping paper to save on set up costs.

Elf auction

The run-up to the festive season can be a stressful time. Fancy easing the burden by having a 'little helper' at your disposal?

In the Elf Auction willing colleagues are loaned out to the highest bidder to assist with those pesky day-to-day tasks. Behind on your gift wrapping or no time to make a cuppa? Well that's what elves are for!

Guess the little angel

Set up a rogues' gallery of friends baby photos or images of famous people in their younger years.

Ask people to make a £1 donation to guess as many as they can, with a prize for the person with the highest score.
