What can I do when I'm feeling overwhelmed?

**Try a breathing exercise**
For example breathe in through your nose and out through your mouth. Try to keep your shoulders down and relaxed, and place your hand on your stomach – it should rise as you breathe in and fall as you breathe out.

**Take a break**
If it’s possible, step away from what you are doing. You could read a book or a magazine, even if it’s only for a few minutes.

**Picture yourself somewhere you feel calm**
Even if you can’t physically get away, your imagination can transport you to somewhere you feel calm. Think of somewhere relaxing and peaceful. You might choose a memory of somewhere you’ve been, or a place you have imagined.

**Listen to music**
Really listen to the music. Can you hear a drum beat or a certain rhythm? Focus on the music, and let other thoughts fade away.

**Try a grounding exercise**
To reconnect you with your surroundings. Look for and find one thing you can see, one you can touch, one you can hear, one you can smell and one you can taste.

**Stay safe**
If your feelings become overwhelming, and you have suicidal thoughts or you think you may self harm, remember that you can pick up the phone at any time of night or day and talk to the Samaritans on their 24 hour Freephone helpline: 116 123.
